

ENVIRONMENTAL POLICY STATEMENT

Cantillon is an organisation that operates in the Demolition sector of the Construction Industry. Its expertise covers services based around our core business of Demolition, Dismantling, Asbestos Management and Surveying and related engineering disciplines. The Company takes a responsible interest in the environmental impact of its business activities and aims to contribute to holistic environmental improvement and sustainable development.

In all projects with which it is involved, Cantillon seeks to act in accordance with good practice, preserving and where possible, enhancing the quality of the environment. Where the Company's involvement is with design or promotion of new projects, environmental impact is a prime consideration and will work closely with its supply chain and members of the community as appropriate, to develop good environmental practices and solutions.

- Cantillon is committed to continual improvement of Company environmental performance and pollution prevention. It will adopt appropriate management systems to fulfil statutory obligations and to ensure liaison and cooperation with appropriate authorities
- The Company's Environmental Policy is the direct responsibility of the Managing Director and reviewed annually ensuring the policy remains relevant to the Company, its aims and objectives
- The Safety, Health, Environment and Quality Manager, appointed by the Managing Director, has overall responsibility for formulation and development of Environmental Procedures
- The Company is dedicated to ensuring all operations are carried out compliant with relevant environmental legislation, codes of practice and appropriate customer specifications
- The Company is committed to maintaining ISO 14001 certification
- The policy statement is the direct concern of all employees and management shall communicate and consult with employees on the policy and environmental issues
- The policy is communicated to everyone working on behalf of the company

Cantillon aims to:

- continue to progress its environmental policies through the Company action plan and achieve targets appropriate to business circumstances by monitoring, reviewing and updating as necessary
- use resources, methods and such organisation to enable the Company to efficiently take opportunities to minimise such resources through re-use and re-cycling fulfilling an obligation to adroit sustainability while minimising waste
- actively involve employees and ensure appropriate training to raise awareness and provide an appreciation of environmental issues

This Environmental Policy Statement is consistent with Company aims and objectives and is available to members of the public and other interested parties on request

MICHAEL CANTILLON
Managing Director
Cantillon Limited
